Attachment to the application to PhD position

Name:

E-mail:

Year of Born:

Nationality:

University:

Year of Master's Degree Completion:

Title of Diploma Thesis:

Calculation Software Experience

Provide a list of the calculation software tools you have experience with. For each, include the name, your level of experience (basic / intermediate / advanced), and an example of how you have used it.

Publication Experience

Please provide a list of publications you have co-authored, formatted in APA style and including the DOI.

Involvement in Projects

Please provide a list of official projects you have been involved in, including the project registration number and a description of your role.

Foreign Experience

Please provide a list of international events you have participated in (e.g. conferences, internships, Erasmus stays, etc.). For each, include the duration (in days) and a brief description of the content or purpose of your stay.

Other Scientific Activities Beyond the Scope of Studies

Please provide a list of internships, training programs, national conferences, and other relevant events you have participated in.

I confirm that the above information is truthful.
